

Help Us With Your Design!

You are about to discover...

Quality doesn't have to be expensive!

www.kitchensbyred.com

Do you want to help us help you?

By completing this Planning document you will have all the relevant measurements needed to help our Designers assist you in buying your new kitchen when you visit our showrooms.

Simply measure your existing room and use the grid supplied to sketch out your room shape and size, then draw in the new design that you have in mind..

Bring the completed Planner with you when you visit our showrooms and one of our Designers will be delighted to help you.

Instructions

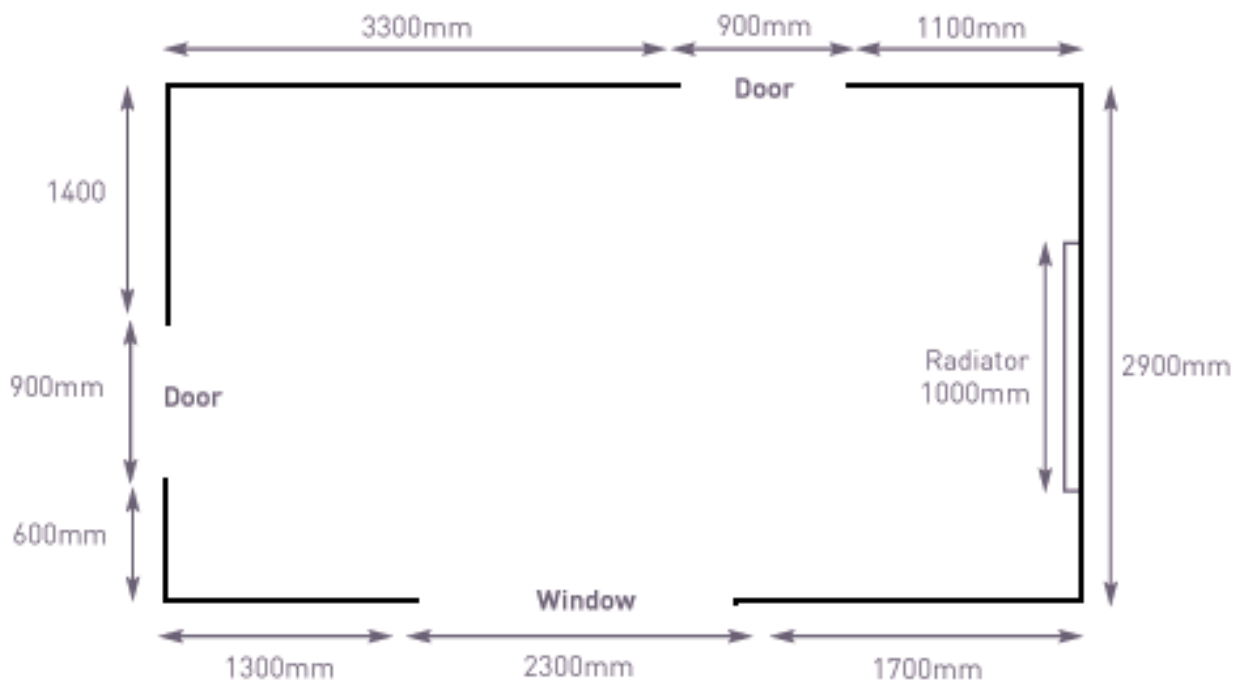

Please have a read through our check list below to help you plan your new layout. Use the grid page to draw a to scale sketch starting with the outside walls and shape along with locations of doors, windows, radiators etc.

If you have a copy of your house plan, then by all means bring that along with you on your visit to our Showrooms.

Note: All measurements should be in millimetres if possible, but we can convert from Imperial if necessary.

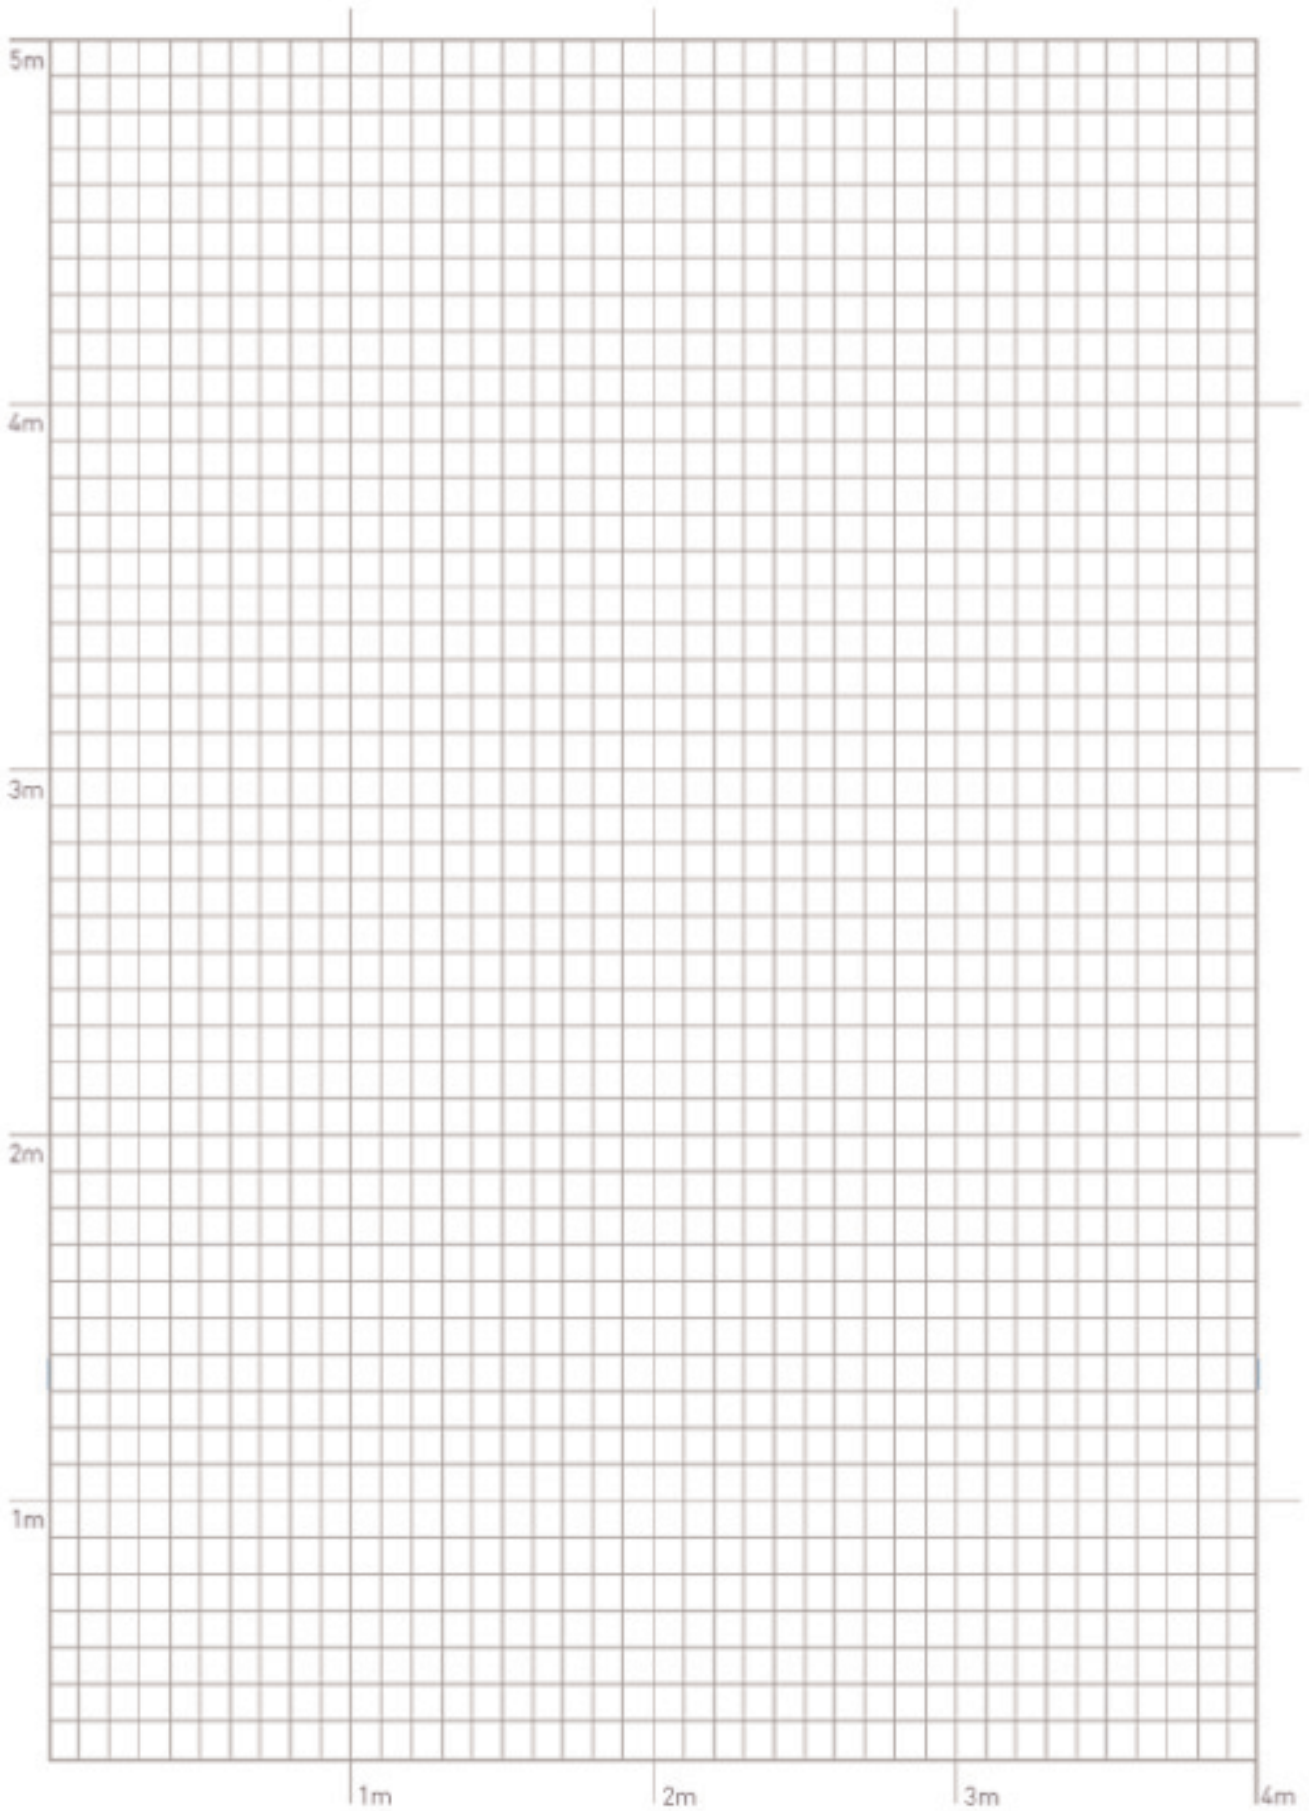

1. Measure height, width and length of room.
2. Measure dimensions and widths of internal doors.
3. Measure window positions and heights of windows from floor to sill
4. Measure the position of radiators and boiler
5. Show location of sink and cooker
6. List appliances you plan to keep or purchase.

Example room layout:

Please try and be as accurate as possible in your measurements as we will be basing the quotation on it. Any inconsistencies at this stage could affect the final installation costs.

If in doubt, please inform us in our Showrooms to arrange a visit

Appliances

Make a note of appliances and their measurements (where known) that you plan to install in your new kitchen

Appliance	Built-In	Free Standing	Retain Existing	Buy New	Measurements (In mm)
